

WACKY PRACTICE TEST

This test is timed for the duration your instructor sees fit. Each question is worth one point, with the exceptions of questions five, ten, and eleven. Question five is worth seven points. Question ten is worth five points—one point for each correct match. Question eleven is worth five points. Draw a smiley face at the bottom of the last page for five extra credit points.

1. Naturally-made icicles are always made with hydrogen, oxygen, and butter. They form in climates with a sufficient lack of heat and are cold.
